

Arriva service update – Tuesday 12th January – 08.00

Many of our services are currently being affected by adverse weather conditions. The situation is changing on an on-going basis and we are doing our best to keep you updated. Please tune into your local radio station for the latest information. If you do try to call us on 0844 800 4411 then please bear with us as lines are exceptionally busy.

During today we hope to be able to revert to normal service in most areas, any disruption will then be reported by our normal website news pages.

Thank you for your patience over the last few days,
